1. What is a Viti Bond?

A Viti Bond is an alternative option to other investments such as term deposits, shares or units in a trust fund. It is a type of fixed income instrument/paper targeting retail or small investors. In addition, the issuer appoints an agent or a registrar of bonds to handle the issuing of bonds on their behalf.

In the case of Viti Bonds, the investor is the general public and the issuer is the Government of Fiji. The appointed registrar of Viti Bonds is the Reserve Bank of Fiji.
